

## **Alistair Cameron - Liberal democrat**

Alistair grew up and was educated in Pembrokeshire and he currently teaches English at a further education college.

He has campaigned on a variety of issues including supporting the Avenue Centre for vulnerable adults in Tenby. He wants to keep Pembrokeshire and Carmarthenshire and opposes plans to replace them with a new Dyfed County Council.

Alistair believes Pembrokeshire and Carmarthenshire are special counties with unique natural resources which we must preserve.

It is very easy to forget how fragile our natural resources are and Alistair remembers the Sea Empress disaster of 20 years ago and the devastating impact on local beaches such as Wisemans Bridge, Amroth, Saundersfoot, Tenby and Manorbier. We must never allow such a disaster to happen again.

He is concerned about what we are doing to our planet and supports Welsh Lib Dems plans to achieve zero greenhouse gas emissions in Wales by 2050.
